

MRS-J
The Materials Research Society of Japan

IUMRS-ICYRAM2022

The 5th INTERNATIONAL CONFERENCE ON YOUNG RESEARCHERS ON ADVANCED MATERIALS

August 3-6, 2022

Onsite/Online Hybrid

**The Centennial Hall,
Kyushu University School of Medicine,
Fukuoka, Japan**

ABSTRACT SUBMISSION

DEADLINE MARCH 14, 2022

PRE-REGISTRATION DEADLINE

**Early Bird MAY 2, 2022
Regular MAY 31, 2022**

FINAL PROGRAM DISTRIBUTION

Mid of MAY, 2022

Scope of ICYRAM

Main mission of the ICYRAM is to create international networks between young researchers, who will lead the next generation material research. Young researcher, who is <40 years old, and/or <15 years passed after receiving a PhD degree, will have unique opportunities to discuss, meet and create networks within the global materials community.

CALL for PAPER (11 Symposia)

Symposium A. Novel Functional Materials

Symposium B. Sustainable Materials, Processes and Applications

Symposium C. Advanced Materials for Energy and Environmental Science

Symposium D. Nano-Materials Science and Devices

Symposium E. Frontier Electronics, Spintronics, Phononics

Symposium F. Advanced Photonic Materials and Devices

Symposium G. AI/Data Driven Materials Science and Technology

Symposium H. Soft Matter and Biomaterial Interface

Symposium I. Design and Applications in Molecular Technology

Symposium J. Advances in Biomedical Science and Engineering

Symposium K. Functional Materials Research for Social Implementation

Welcome Your Abstract Submission AND Participation!!

Please apply!!

- **ICYRAM2022 Young Researcher Awards**
- **ICYRAM2022 Student Presentation Awards**

Kazuki Nagashima, Chair, The University of Tokyo
Kunihiro Kamataki, Vice Chair, Kyushu University
