

Preliminary Announcement

General Information: The 15th Asia Pacific Physics Conference (APPC15 - <https://www.appc15.org/home>), triennial conference of Association of Asia Pacific Physical Societies (AAPPS), will be hosted by the Korean Physical Society (KPS) from August 21-26, 2022 at Hwabaek International Convention Center (HICO) in Gyeongju, South Korea. The APPC15 will provide a forum to share and discuss physics research and education, promoting collaborations and friendship in Asia Pacific regions and beyond, covering all areas of physics including **Plasma Physics** (<https://www.appc15.org/scientific-program>).

Plasma Physics program of APPC15: It is being planned and organized by the Division of Plasma Physics of AAPPS (AAPPS-DPP). The entire Board of Directors of AAPPS-DPP (<http://www.aappsdp.org/AAPPSDPPF/committees.html>) forms the Program Committee of APPC15 which will be coordinated by Rajdeep Singh Rawat (NTU/Singapore) and Wonho Choe (KAIST/Korea). The Plasma Physics program of APPC15 will comprise of following three sub-programs:

- Basic and Applied Plasmas
- Magnetic Fusion Plasmas
- Solar/Astro and Space Plasmas and Geomagnetism

Important Dates:

- Abstract submission : February 1, 2022 - April 30, 2022
- Early-bird registration : April 15, 2022 - July 15, 2022
- 1st notification of accepted abstracts : April 1, 2022
- Final notification of accepted abstracts : May 31, 2022
- Closing of regular on-line registration : August 12, 2022

Registration Fee

For fully on-site APPC15

Regular registration:

- 380 USD (Early-bird registration from April 15 to July 15, 2022)
- 450 USD (Registration after July 15, 2022)

Student registration:

- 250 USD (Early-bird registration from April 15 to July 15, 2022)
- 300 USD (Registration after July 15, 2022)

If APPC15 is later on changed to either fully on-line or hybrid format (to be decided in early March 2022), the registration fee for on-line participants will be reduced, which will be announced later.

Nomination of Invited Speakers for Plasma Physics program of APPC15: The nomination of **invited speakers** for Plasma Physics program of APPC15 can be done (till April 30) at DPP Web <https://www.gakkai-web.net/aappsdp/nm/>. Both nomination by others or self-nomination are acceptable. Use template provided at the site for the nomination. Contributory and poster presentations are also welcomed. Selected invited speakers will be asked to submit abstracts to APPC-15 site.

Overall Timetable of APPC15: The outline of the overall timetable of APPC15, spreading over 5 conference days from Sunday, 21 August to Friday, 26 August 2022, in local Korean time zone is provided at APPC15 website at <https://www.appc15.org/overall-timetable>.

For Question: contact Prof. R. Rawat at rajdeep.rawat@nie.edu.sg

Disclaimer: The participation in APPC15 is at your own risk. While the organizers will make every effort to conduct this conference according to the announced schedule, unlikely and unforeseen circumstances may result in change of the schedule or cancelation of the conference. These changes will be posted at the conference website. No liability is assumed for inaccuracy, misdescription, delay, damage, and loss.
