

Dear Colleagues,

I am looking for two talented researchers to come and work in my group on tokamak disruption prediction and avoidance.

Please find the related employment advertisement attached to this email which contains further detail. Applicants

can contact me for additional information at sabbagh@pppl.gov but should use the web link in the attachment:

<https://academicjobs.columbia.edu/applicants/Central?quickFind=66874>

to apply for the position.

Please feel free to circulate this announcement to people you believe would be interested.

Thank you,

Steve
