

Subrahmanyan Chandrasekhar Prize of Plasma Physics

is awarded by Division of Plasma Physics, AAPPS

*sponsored by National Fusion Research Institute, NFRI
for outstanding contribution to the field of Plasma Physics
This Diploma certifies that 2018 Prize has been awarded to*

Toshiki Tajima

For wide-ranging contributions to plasma physics, in particular for the discovery and invention of extremely intense (relativistic) laser-driven wakefields as robust and long-lasting plasma states, with broad impacts on high energy particle acceleration and other applications, including medicine; in which he exerted leadership to launch high field science and to form large new research communities.
