

December 9, 2024

Dear AAPPS-DPP members and/or AAPPS-DPP2024 participants,

Dr Andreas Bierwage informed us following IAEA technical meeting in Seville, which is good place to visit.

Sincerely yours,  
M. Kikuchi, CEO

\*\*\*\*\*

Dear Prof. Kikuchi,

This is Andreas Bierwage from QST.

Would it be possible to distribute the following announcement via the AAPPS-DPP network?

18th Technical Meeting on Energetic Particles in Magnetic Confinement Systems  
@ Seville (Spain), 17-21 March 2025  
(please see the details below)

The current deadline for abstracts is already quite close (14 Dec), but it may still be helpful to spread the information.

Many thanks in advance.

Sincerely,  
Andreas Bierwage

-----

Dear energetic friends,

We are pleased to announce that the next 18th Technical Meeting on Energetic Particles in Magnetic Confinement Systems will be held:

- In Seville (Spain), hosted by the University of Seville and the Plasma Science and Fusion Technology Lab [www.psft.eu](http://www.psft.eu)
- From March 17th to March 21st, 2025

and will be followed by the spring ITPA Energetic Particle Physics Topical Group meeting the week after on Monday (24 March) and Tuesday (25 March).

Here some other important dates:

- Deadline for abstract submission. December 14th
- Invited talks selected by Programme Committee. January 5th
- Registration opens. November 4th. Registration closes. February 16th

Please feel free to start your abstract submission at the INDICO meeting website hosted by ITER and thanks to Simon.

<https://indico.iter.org/e/18-TM-on-EPs-2025>

A conference website for registration with local information and logistics can be found here:

<https://tmep25.psft.eu/>

We are looking forward to welcoming you in Seville!

Warmest regards,

Manolo
